

14th & 15th of May,
 2019

WTC GRENOBLE CONVENTION CENTRE

THE 22ND EDITION OF VENTURE 5i® IN GRENOBLE

► 20 selected companies

Venture 5i® is the financing forum within the Forum 5i. Over two days, on the 14th and 15th of May, Venture 5i® offers excellent conditions for fundraising. Innovative companies from the Alpine region who seek investments have, in fact, the opportunity to meet national and international investors who can assist in their global expansion.

20 innovative French and international startups were selected by the committee. Composed of 26 recognized and experienced investors, the selection committee is chaired this year by Alexandre Ouimet-Storrs, Managing Director Europe of Solvay Ventures. The diversity of application areas - energy industrial manufacture, through the medtech or telecoms - reflects the dynamism and willingness of the selected projects.

#B2B

ABOUTGOODS COMPANY - France (Haute-Savoie)
 Consumption data from mobile app users to produce decisional for Brand, Retailers, Banks and Market Research companies
www.aboutgoods-company.com

APITRAK - France (Isère)
 Save money with data analytics based on geolocation technologies.
www.apitrak.com
