VENTURE 5i

28th & 29th of September 2020
WTC GRENOBLE CONVENTION CENTER

THE 23RD EDITION OF VENTURE 5i IN GRENOBLE
▸ 21 selected companies, focused on the international market

Venture 5i® is the financing forum within the Forum 5i. Over two days, on the 28th and 29th of September, Venture 5i® offers excellent conditions for fundraising. Innovative companies from the Alpine region who seek investments have, in fact, the opportunity to meet national and international investors who can assist in their global expansion.

21 innovative French and international startups were selected by the committee. Composed of 23 recognized and experienced investors from 7 different countries: France, Belgium, Germany, Italy, The Netherlands, the USA and Israel., the selection committee is chaired this year by Benjamin Wainstain, a venture capital investor who has been working in the energy transition and environmental sector for 12 years.

The diversity of application areas - material and transport technologies, through the medtech or energy and telecommunications - reflects the dynamism and willingness of the selected projects.

B2B SERVICES

EMAZING RETAILING - *Genève (Switzerland)*
